

RNSF Grant Guidelines:

Grants should:

- Directly support the objectives of the Rye Neck School Foundation and the Rye Neck School District.
- Foster innovation in teaching practices and/or student learning that creates an enriching educational experience.
- Broadly impact a significant number of students.
- Favor collaboration among schools and/or departments within a school, to the extent possible.
- Include clear implementation plans, timetable, and budget. All purchases must be made through RNSD approved vendors.
- Identify realistic and appropriate project assessments, which are measurable wherever possible.
- Cover innovative programs and initiatives that fall outside the annual school budget.
- Have support of all school departments and teachers involved in implementing the grant program.
- Include all necessary components of implementation, including any construction or installation work, and comply with all RNSD purchasing, insurance and safety requirements.
- Be carefully reviewed and approved by the school's principal and/or relevant department heads and administrators.
